Image is everything in Office Fitout!!!

Getty Images Inc. is an American stock photo agency and was formed in 1995 by Mark Getty the grandson of the 1920s oil baron John Paul Getty. Getty Images Inc. in Ireland has an office serving the EMEA region and is based in The Park in Carrickmines, Dublin 18.

With many of the images we view on line being owned by Getty images all web users will be well familiar with the Getty name. Having a staff worldwide of photographers & administration of over 1,000 in Ireland their office has a staff of 45.

Matrix Electrical were chosen to carry out all the necessary electrical services installations associated with the Fitout from a landlord base build which had lain idle for some time. A program of 7 weeks required and completion in one continuous phase. Coordination of services was the key in this project and Matrix Electrical's team of skilled professionals ensured that all of the client's requirements were met. Noise restrictions applied during the works, while the Comms Room was delivered 2 weeks prior to completion to allow Getty IT build out the IT connectivity required. A black finish open plan ceiling meant a closed ceiling before completion!!!

Electrical installations included 2No. Distribution Boards while Matrix successfully liaised with the ESB for the provision of a new electricity supply. In addition, Matrix installed new General Services, incl. MK floor boxes and Wieland grommet distribution and new Loop Hearing, AV, Intruder, Access Control. Type L2/L3 Fire Detection was provided, Cat6 UTP data cabling and complete Comms Room Fitout with UPS and auto change over facilities. Matrix was also responsible for the installation of the suspended, flush, spot lighting & escape exits and call points. Testing, certification and all completion documents were also provided to landlord satisfaction.
